

# ARBORISTS FOR LIFE (AFL)

Cabourne Parva, Riby Road, Caistor, Lincolnshire, LN7 6DR

July 1st 2017

## What is the AFL event?

Arborists For Life is an event set up as a reaction to the tragic deaths of Alexander Kirkley and Gregory Bulbec, who recently died in two separate work place incidents. The arboricultural community felt the loss at all levels and we felt there was an underlying desire to act, as a community, to help the families our friends left behind. We have been kindly supported by a number of industry related companies who were deeply moved by the events and felt compelled to aid our cause.

## One Last Thing

We are pledging our time, our effort and our beautiful venue to make this a success. We hope to fill our grounds with like minded people to raise as much as we can and to raise awareness toward safe working practice to ensure we avoid tragic incidents like this in the future.

All the profits will go directly to the families affected, so please come along and join in all the events. The more of you get involved then the more we can raise and the more chance we have of preventing future incidents.
